Dear Friends,

December 2017

a look at the calendar shows us that another year has come to an end. So, we review the past year and look forward to the prospects of the new year 2018.

2017 was a successful year for us! In our residential Farrier Center in Landsberied, we were able to provide the ultimate care, with the help of Veterinarians and Clinics, the horses of well known clients, with orthopaedic horse shoes. Included are many sporthorses in Germany, as well as in Austria, Hungary, and Switzerland, that were successfully rehabilitated back to their sport.

We are also pleased to be working with APASSIONATA, that now has a permanent base for their SHOWPALACE in Munich, to service and care for some of their horses. Our international client base has expanded now that includes the Team "VALENCIA" from Portugal and the Team "HASTA LUEGO" from France.

Because the request for top quality and the continuous growth of requirements from our clients for their horses needs, I have participated in many workshops in the U.S.A, Denmark, England, Holland, and Germany.

In 2018, I will continue with national and International upgrade training courses. Such as the HoofCare Summit in Cincinnati, U.S.A in January, 2018.

In our Horse and Hoof Healthcare Center in Landsberied, we had end of September, 2017, an advanced training course Workshop with well-known international instructors and Exhibitors.

In the year 2018, we will continue to offer top quality Workshops and Events.

For our big Event, September 28-29, 2018, we have invited Dr. Hans Castelijns from Italy, Mr. Jan Krogh from Denmark, and Dr. Steve O'Grady from the U.S.A. They have all accepted the invitation.

Also on the weekend of September 28-29, 2018 is the Event

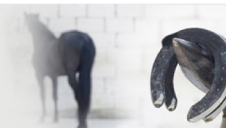

"LADIES-FARRIER-CONTEST",

with prize money of € 2.500!
